**GARDIAN**<sup>™</sup>  
FITNESS FLOORING

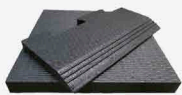

**GARDIAN**<sup>™</sup> Flooring Systems are an industry standard for recycled rubber interlocking floor systems. We were the first company to utilize the non-adhering interlocking system and our mats are utilized by facilities all over the world.

**GARDIAN**<sup>™</sup> Flooring Systems may be utilized in wall to wall installations or as a stand alone solution within a room. Due to the interlocking system the flooring is able to stabilize itself away from walls and is offered in 3/8", 1/2" and 3/4" thicknesses to allow for different levels of use.

Many commercial equipment companies prefer **GARDIAN**<sup>™</sup> Flooring Systems because they can be precut to size utilizing CAD drawings or accurate measurements, which allows for less time on site for installers and reduced scrap.
