SUPER SPORT™
EQUIPMENT MATS

SUPER SPORT Equipment mats by Humane are specifically designed to protect your floor and fitness equipment. They are constructed of the same quality materials utilized in our Guardian Flooring Systems and offer the same benefits that thousands of facilities and homes rely on worldwide.

SUPER SPORT equipment mats are made to last and are up to 3x thicker than other companies mats.

EASYPATH™
LOKTUFF

The Supersport line of mats utilizes Humane's proven technologies

"THE ADVANTAGE"

Heavy Duty 3/8" Commercial Grade Recycled Rubber

Reduction in noise and vibration

"Clean and Fresh" Mitigating agent used to reduce aroma

Beveled edges in order to avoid trip hazards

3 Times stronger than rolled rubber (800 PSI per ASTM 412)

Absolutely Non- Absorbent & will not harbor or promote bacterial growth

TreadSafe™

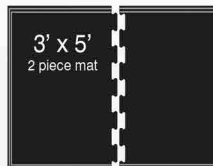

Increased traction system which provides sure footing when utilizing equipment and a reduction in machine movement
